25X1	At about 1 p.m. on 27 December 1952, a ship which	n had loaded about	
O	400 tane of coment and engine names in ROSTOCK I	LOW TO CO SY December	
	1952 put into Ventspils Harbor (N 57-24, E 21-31 loading pier on the eastern bank of the river wh	ete me mara	
	merchant shipTELETS also unloaded cement and eng	ine parts from Rostock.	
25X1 <sup>2</sup> .	Fourteen vessels of the Kronshtadt class		
25X1	were on the west side near the navy barr	acks installations in	
25X1 25X1	Ventspils Harbor. They were berthed side by side at the pier. Two boats had radar equipment at the	eir masts. Other	
25X1	vessels, tied up there, included minesweepers and three identical vessels		
25X1 25X1	Also seen were PT boats which had a non-built-in tor	meda tube on each	
25X1	the senting wheelbouse, one twin-barrele	d AA nachine gun on	
25X1	the foredeck and one on the fantail and a pear-stop of the conning wheelhouse.	haped radar device on	
25X1 25X1	were larger and longer than the other	· PT boats.	
3.	Other vessels at the navy pier included: a mot	or vessel (no funnel)	v-
25X1	which was about 50 neters long, had a	cranes on the stern,	
25X1	and no superstructures on the fantail and	was a	
25X1	had two funnels and one mast and	was a former type-	
25X1	F-7 German escort vessel. Soviet submarine Two Soviet navy tugboats, a large one which had	an estimated 650 hp	
25X1 25X1	and resembled the former German "rassat" of the	WIGT MEAN OUTDARY	
	and a small one with an estimated engine power at the navy pier with steam up.	of about 400 fin, 18y
